APRESENTAÇÃO

Currently pursuing a degree in Computer Science, starting the 4th semester. Over the past year, I have been studying Web and Fullstack Development. I am now seeking my first job opportunity in the development field, highly motivated to develop professionally and learn new technologies.

PROFESSIONAL EXPERIENCE

JUL/ 2023 - OCT/ 2023 — Technical Assistant

LND - Informática, Palhoça

- Assembly and maintenance of computers and laptops.
- Formatting, OS and software installation, backups.
- Execution of service orders (Using JIRA).
- Customer service via WhatsApp.

ACADEMIC BACKGROUND

*INTEGRATED HIGH SCHOOL/TECHNICAL COURSE IN
ELECTRONICS.*

*IFSC – Florianópolis - **Graduated in 2022.***

BACHELOR'S DEGREE IN COMPUTER SCIENCE

Estácio de Sá – Currently enrolled, 4th semester.

SKILLS

- Proficient in conversation, reading, and writing in English.
- Ability to read and interpret technical documentation.
- Knowledge of programming logic, data structures, object-oriented programming, etc.
- Software versioning with GIT.
- Willingness to learn any required technology in short periods.
- Strong desire to learn and improve as a professional.

TECHNOLOGIES

- **Front-End:** Knowledge in JavaScript, TypeScript, HTML, CSS, and React, using frameworks like NextJS for project structure. Willing to learn any other required technology. Also experienced in jQuery and pure JavaScript for DOM manipulation.
- **Back-End:** Proficient in SQL, using both MySQL and PostgreSQL, as well as ORM tools like PrismaDB. Also experienced in NodeJS and Express for developing REST APIs.
- **Other Languages:** Basic knowledge in Python (using Pandas for data analysis), Java (for creating CRUD applications with MySQL), and C (for microcontroller development and studying data structures).
- Currently deepening my knowledge in FullStack development with React and NextJS, and starting to study PHP and Laravel.
